

European Migration Law

European
Migration Law

Daniel Thym

OXFORD EU LAW LIBRARY

This title provides a comprehensive overview of European migration law. More than three dozen directives and regulations are discussed throughout this volume, together with numerous court judgments, international treaties, reform proposals, and factual developments. This careful inspection of EU legislation and cases is accompanied by analyses of domestic and international developments, as well as contextual factors influencing the real world of migratory movements. Across eighteen chapters, Daniel Thym discusses core features of visas and border controls, asylum and legal migration, integration and return, association agreements, and international cooperation.

Features

- A comprehensive assessment of European migration law
- Combines an introduction to core features with a reliable inventory of relevant developments
- Connects an in-depth legal analysis with policy developments and theoretical insights
